WATERCO
water, the liquid of life

Waterco pioneers reliable solutions for healthy, safe water environments, which are used in residential, commercial and industrial applications in over 40 countries. Established in 1981 in Sydney, Australia, it has since become a global brand recognised for designing and manufacturing filtration and sanitisation innovations for the swimming pool, spa, aquaculture, and water purification sectors.

Listed on the ASX in 1989, Waterco (ASX:WAT) has evolved into a technological and manufacturing powerhouse that makes products more energy and water efficient, and easier to maintain.

COMPANY PROFILE

Since 1981...

**CLIMATE
CARE
CERTIFIED**

From small family-owned business to manufacturing powerhouse

Waterco's water and energy saving innovations, including its proprietary injection moulding techniques, continue to set benchmarks in the industrial water treatment and aquaculture industries. The company's Micron fibreglass filters are the largest found in the market today. The company's extensive range of Climate Care Certified pool equipment enable pool owners to reach the highest levels of environmental sustainability
